

FREE NOT-FAIR LAND ACTIVITY

Draw Your Own Not-Fair Rule

Invent something silly. Then work out what would actually feel fair.

1. In Not-Fair Land, everyone must...

2. Draw the rule in action

Who is there? What happens? How does Mr. Not-Fair react?

Say it out loud:

"That is equal... but is it fair?"

MAKE IT FAIR

Look At The Rule From Every Side

There can be more than one good answer. Talk, draw, or write.

3. Who might like this rule?

What makes it work for them?

4. Who might hate this rule?

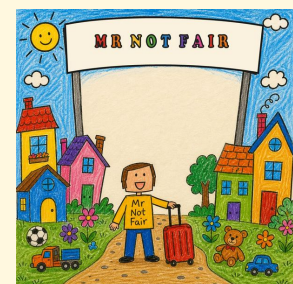

What makes it hard for them?

5. Change the rule so it is actually fair

Could people choose, take turns, get different help, or try again?

Grown-up conversation starter

"Would the same thing help everyone here, or would different people need different things?"
